ALPHA

Kraft Paper Coated Slab

Compact slab with improved performance, coated on one side with a kraft paper vapor barrier, for dry construction systems applications.

 λ 35

Applications

Volcalis ALPHA is an excellent thermal and acoustic insulation for application in all type of buildings.

Suitable for use in construction and rehabilitation works, such as: wall lining and ceilings.

Benefits

- With built-in vapor barrier.
- Very good thermal performance, contributes to the comfort of buildings and reduces energy consumption.
- Due to its internal structure, it is an excellent acoustic insulation.
- Results from a sustainable process that uses raw materials and advanced technologies of high efficiency. It's a 100% recyclable product.
